**Encontro de Formação
da Ordem dos
Médicos Veterinários**

James Elliot

James graduated from the University of Edinburgh and subsequently undertook an internship and residency in small animal oncology. He is a European and RCVS Recognised Specialist in Small Animal Oncology.

James is currently an examiner for the RCVS certificate in small animal medicine, honorary lecturer at the University of Liverpool and a member of the ECVIM oncology examinations committee.

He is currently a clinical oncologist at Willows Referral Service in the UK and enjoys all aspects of medical oncology and radiation therapy.

Companion Animals room

Canine mast cell tumours: what are the treatment options?

Canine osteosarcoma: is amputation the only option?

Canine lymphoma: diagnostics and treatment options

Feline lymphoma: diagnostics and treatment options
