Séverine Tasker

Séverine works in the Feline Centre and Molecular Diagnostic Unit of Langford Vets and Bristol Veterinary School, where she is Professor of Feline Medicine. She is a RCVS Specialist in Feline Medicine and European Specialist in Small Animal Internal Medicine. She is especially interested in feline infectious diseases and haematology and recently edited the BSAVA Manual of Feline Practice. She sits on the Companion Animal Vector Borne Disease World Forum and the European Advisory Board on Cat Diseases.

Companion Animals room

Diagnosing feline anaemia cases

FIP – new developments for a not so old disease

FeLV & FIV testing – how and why?

Approaching feline mycobacterial cases
